

Thuraya SatSleeve
Expand your iPhone's horizons

THURAYA 
stay close

The perfect blend of mobility and simplicity, the Thuraya SatSleeve is the smartest, fastest and simplest way to transform your iPhone into a satellite phone.

A world's first, Thuraya SatSleeve packs a whole lot of innovation into a sleek and elegant form factor that supports the diverse communications needs of iPhone users - from corporate and NGO users to frequent travellers and adventurous explorers.

Ensuring connectivity through phone calls and SMS via satellite mode, Thuraya SatSleeve revolutionizes the way you communicate by bringing satellite communications to your iPhone. Simply dock your iPhone into the SatSleeve and put the entire world within reach. You can talk longer too - the Thuraya SatSleeve comes with a built-in battery pack that extends the life of your iPhone.

Broaden the horizons of your iPhone with Thuraya SatSleeve, which enables you to stay connected with the device you are most familiar with.

Bring satellite
communications
to your iPhone

Calls and text messages in satellite mode

Expand the horizons of your iPhone and use it in satellite mode whenever there are no terrestrial networks available.

Compatibility with the iPhone

Add a reliable satellite connection to your iPhone, wherever you go. The SatSleeve App is available as a free download from the Apple App Store.

User-friendliness

Simply dock your iPhone into the SatSleeve to enjoy satellite connectivity. Available in 12 languages, the user-friendly SatSleeve App allows you to easily integrate your iPhone address book for satellite calls and text messages with the swipe of your fingers.

Extended battery life

Acting as a backup battery for the iPhone, Thuraya SatSleeve enables you to operate for longer periods of time without worrying about power running out.

Enhanced safety features

Thuraya SatSleeve comes equipped with an Emergency Call button - you can make a phone call to one predefined number even without your iPhone docked.

Supported by the most robust and powerful satellite network

Thuraya's satellite network is renowned for being the most powerful satellite network that covers more than 140 countries or two-thirds of the globe. With the high penetration alerting capability (HPA), Thuraya SatSleeve enables you to receive calls even with the satellite antenna stowed, keeping you connected at all times.

Thuraya SatSleeve features

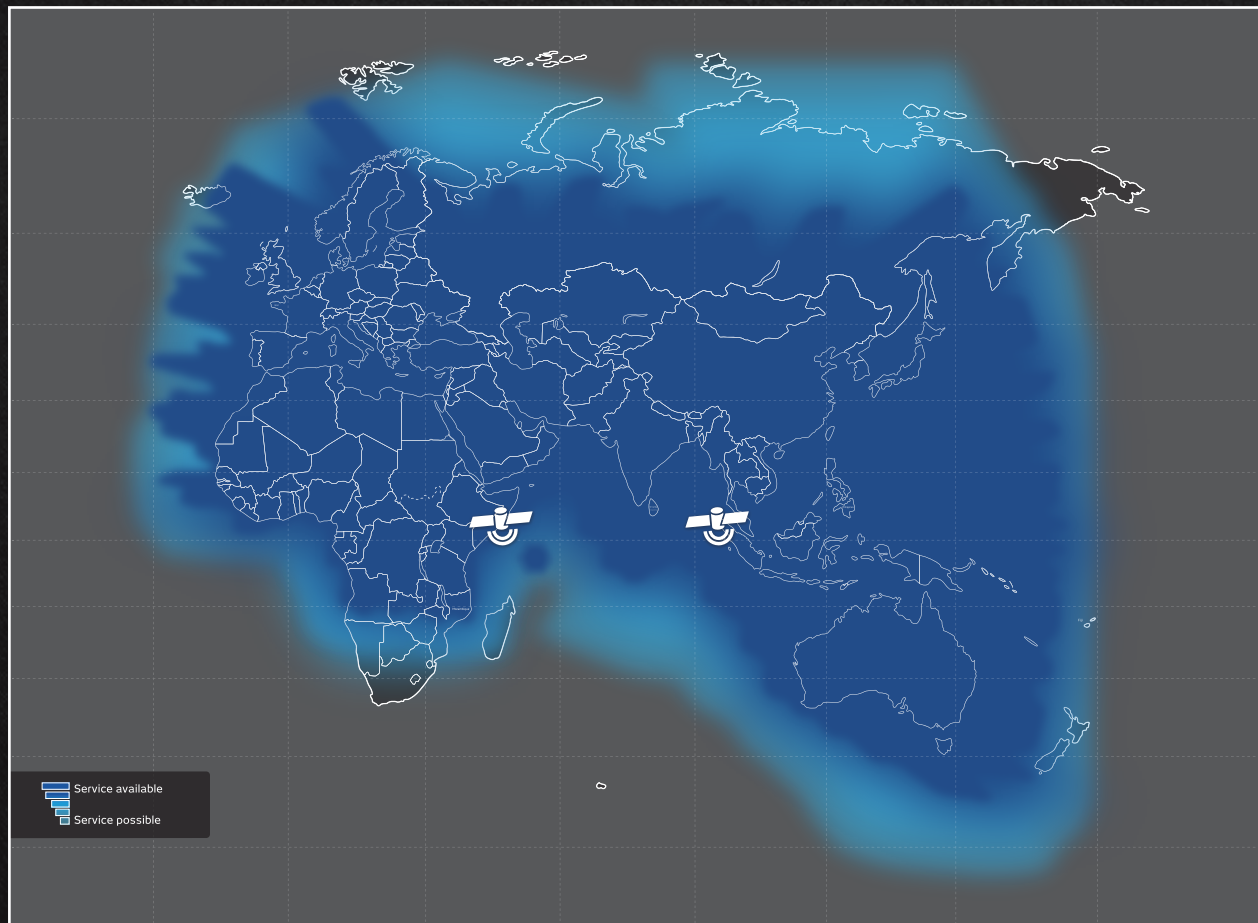

1. Download the SatSleeve application from the Apple App Store
2. Dock your iPhone into the SatSleeve
3. Enjoy calls and SMSs in satellite mode

Thuraya coverage area

Thuraya SatSleeve enables you to stay connected and communicate via satellite mode using your iPhone - from anywhere under the coverage area of Thuraya's satellite network, which extends across 140 countries in Asia, Africa, Australia, Europe and the Middle East.

Thuraya's congestion-free network automatically re-allocates network resource to any single spot beam, allowing Thuraya SatSleeve users to enjoy uninterrupted connectivity beyond the reach of terrestrial communications and cellular networks.

Wherever your mission or business operations take you, Thuraya SatSleeve provide the advantage of reliable satellite communications even in the most challenging environments and remote locations.

With the Thuraya SatSleeve, your iPhone is ready to meet the world.
